If for some good reason that you are unable to make it to one of these renewals you must contact us, a board officer, to make other arrangements prior to June 13th, OR You can have a family member or a friend bring in your (current) paperwork (or copy of) with the appropriate dues and we will process the renewal.

The annual dues are (as of June 2017).

Regular members \$ 100., Senior or Disabled members \$ 100.

The yearly dues include one vehicle sticker, if you want to use more than the one vehicle to access the property you can purchase an additional other sticker for \$ 2.00. These vehicles must be currently registered in your name!

Financial responsibility required a change in our annual dues structure.

We had to make some more fiscal changes last month to recuperate financially. With reviewing last years budget, it is quite evident we started out in the RED, and this years projected revenue would not change that! Our annual expenses far out-weigh

the current income. The costs of operating this club have increased exponentially in the last ten years. Also 83% of our members this year are listed as either Seniors or Disabled, next year projected to be 85%.

Last month the board decided a reasonable and practical way to solve our problem. We voted to change the annual dues structure to cover the current expenses with a little left over for future increases. To accomplish this, our Dues are now \$ 100 for all current members. New members \$ 250. (That includes the one-time initiation fee of \$150.)

Newsletter- going to be mailed out in May with renewal form on the back side.

May 20th is our annual picnic at the Port. The 3rd Wednesday BBQ's / Potluck at the Port this summer are **June 21, July 19, and August 16.**

February 2017 high water !
